Institute

DR ROBERT RHOTON,
LPC, PSYD; F.A.A.E.T.S.

CEO of Arizona Trauma Institute
and President at the Trauma
Institute International

Dr. Rhoton served as president
of the Arizona Trauma Therapy
Network from 2010 through 2012.

Trauma can have a devastating impact on people, often leading to problems such as anxiety, depression, and Post-Traumatic Stress Disorder (PTSD). Many therapists feel unequipped to deal with the special needs of traumatised clients.

This webinar looks at how to motivate **trauma clients to increase their success in therapy, understand the dynamics of how trauma is effecting goal achievement, and learn effective techniques for working with traumatised clients.**
